Brainstorm

Write down any ideas that come to mind that address your problem statement.

Person 1

Person 2

Person 3

Person 4

Person 5

Group ideas

Take your ideas and group them into clusters or related ideas as you go. Once all ideas are listed, group them into clusters or related ideas as you go. Once all ideas are listed, group them into clusters or related ideas as you go.

Group ideas

Prioritize

Your team should all be on the same page about what's important, moving forward. When you're done, the goal is to have the ideas that are most important and likely to be successful.

Prioritize

Importance

Feasibility

After you collaborate

Now you can report back to your team or to your stakeholders. Here's what you need to do to get ready.

- 1. Set the agenda
- 2. Set the goals
- 3. Set the rules
- 4. Set the roles
- 5. Set the time
